

Valentine's Day Checklist

- Take time to prepare the day/evening. Buy some decorations, schedule a spa day for yourself on the morning of or the day before and relax, buy a cute, comfy outfit.*
- Start the evening with your favorite appetizers and cocktails. Go all out and buy each or your favorite soda's, liquors, wines, beers, or champagnes. Enjoy each other.*
- Plan a themed movie and dinner night. For instance, watch, "Forest Gump" and serve all shrimp dishes for the dinner.*
- Instead of buying expensive deserts or chocolates, buy all the ingredients and make them together. You can easily make truffles or chocolate covered strawberries. Have fun!*
- When done creating your desert tegother, light some candles, pour an after dinner drink, relax, eat desert, and just enjoy being together.*
